# The Women Around Us

*By Carol McNally*

"It's always more important to prove what you can do in your chosen vocation rather than try to rest on past successes," states Nell Green, former professional dancer and now full-time teacher.

Miss Green teaches ballroom, ballet and tap and points out that all three have real value although the student doesn't ever consider a professional career.

Ballet, of course, provides the fundamentals, while tap gives the necessary rhythm and co-ordination. Ballroom gives, it nothing else, more self-assurance to the individual.

The teacher must not only be able to teach dancing, but must have had experience as well. Miss Green teaches and has a great deal of professional background.

**'Make-believe' Dancing**

She grew up on a farm in Ohio and went away to school at an early age. Originally she wanted to be a concert pianist and, accordingly, she studied music at Ohio Northern University. From there she went on to be a graduate teacher of music from Proctor School of Music, Dayton.

* * *

**Nell Green**

However, all the time she was playing the piano, she was also "make-believe" dancing: originating her own steps to music she heard and making waltzes and tangos come to life with her own feet and body.

Miss Green studied dancing from a number of renowned teachers in New York City and Chicago. Among them were Donald Sawyer and Steffie Nossen, New York, and Gladys Hight and Berniece Holmes, Chicago. She is a graduate, too, of the John Robert Powers' School.

Her greatest love as a professional was ballet and exhibition dancing. However, she contracted a paralysis and her legs do not properly support her now. This is the main reason she has given up teaching acrobatic dancing.

Miss Green stresses the importance of never being humiliating to her students. She points to the time when she was told she danced like a cow and says that will never happen in any of her classes.

Also, she emphasizes the importance of basics and consistent practice in dancing. She does her own choreography for the revues of her classes and has even compiled her own ballet book with records to enable students to remember steps and French terms.

Her husband, George Macdonald, is her office manager and also teaches ballroom dancing. Most of her spare time is spent writing dances, arranging music and outlining programs. In between seasons she goes to Mexico City and Florida where she has a busman's holiday — you guessed it, visiting dancing schools.

Miss Green points out that there is real rejuvenation in seeing how other schools operate and learning new teaching methods.

As her husband likes sports, the Macdonalds take in quite a few sporting events, football games in particular. Of course, her main interest is her three children by her first marriage. One of her daughters was her teaching partner for some time.

Miss Green takes children as young as 3½, but limits her class size to 12. As a teacher with primary interest in ballet, she states "the good that is derived from ballet includes more grace, better posture, development of personality and more self-assurance."

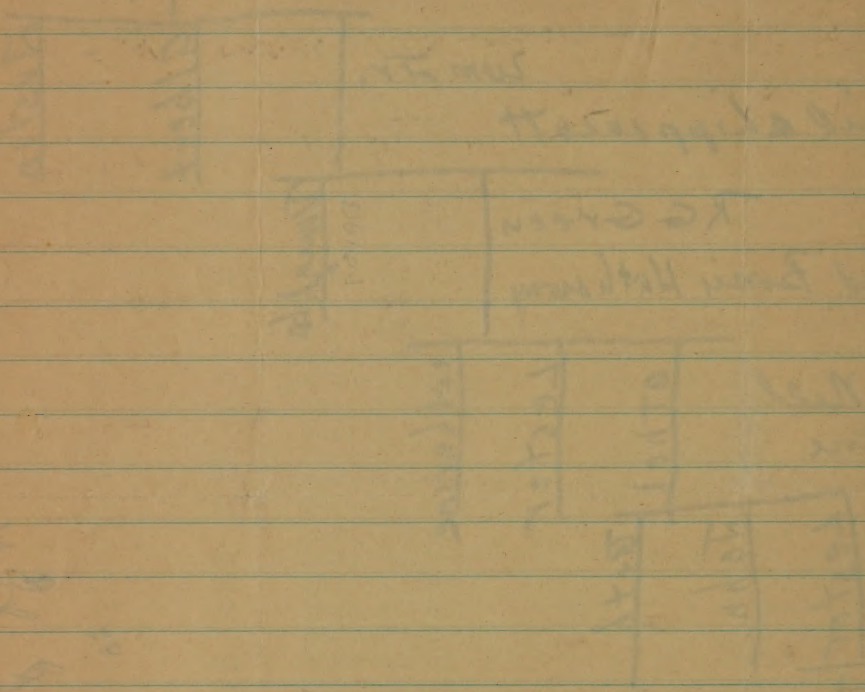
Such names. Ware asked Aunt
Kate (Florida) to help.



From O.H. Green

Dear Ones- Hope this will help you. The old family bible is in Detroit - Aunt Katie will try to help some.

We are having beautiful and hot weather. Quite a lot of wind too. Have fence built and back yard plowed. Taking it slow as neither can work too long at a time in the yard. Guess we are getting old.

Glad the station is so good and that you are all well.

Will send pictures when we are finished in yard.

Love to all and write soon

Dear Buster, Lucy & family!

Happy Thanksgiving to all of you. Just heard Yalls are going to have a fun time. All is odd here - Jim & Wanda, the Caldwells & the Bryants are going to be with us for a Buffet type dinner. Irene had house guests again, lots of fun and much activity. All of us holding up real well.

Love Dad & Mid

October 25, 1972

Dear Jack, Beth and Buster:

Your father and I recently had our wills prepared, and we feel that all of you should know the essential details. Briefly, in the event that your father preceeds me in death, everything is mine: if I preceed him in death, everything is his. In case of a common disaster, or death of the survivor, everything is yours, share and share alike. Beth, we named you as executriz since time is involved in disposing of all the property and personal things; too, we feel that it takes a woman to differentiate between value and sentiment. We are sure you boys will agree that there should be some recompense for Beth's time and effort, a matter for agreement among yourselves.

Security National Bank holds the mortgage on the house, present value in the neighborhood of $13,500.00, purchased from John Owen Realtors. First National Bank holds a note on the car, which we hope to have paid long before any of the above comes to pass. Savings and checking accounts at First National, another Savings at Security. Your father has 2 Life policies with Equitable, my only asset is a stock certificate with A.T.&T. Pertinent papers will be in a safety box at First Nat'l. Beth, I do hope that you and your family will plan another safari to Roswell soon so that we can go into more detail about little things. I personally request cremation of the remains, hopefully within 24 hours, scattering of the ashes on top of Sierra Blanco. That is as close as I expect to get to heaven. Your father agrees with cremation, but hasn't stated any wishes about subsequent disposition. MEMORIAL SERVICES ONLY - absolutely no viewing of the deceased.

Obituaries to be very brief, as follows: Mildred Curry Green, born April 18, 1911 at Cincinnati, Ohio. Survived by husband, Othel L., and/or stepchildren, Elizabeth Ann Lampton, John R., and Lester W. Green. Othel L. Green, born September 20, 1900 at Anna, Ohio. Survived by widow Mildred C., and/or children as above, as well as a sister, Catherine Cassidy. In lieu of flowers, donations may be made to a favorite charity, Eastern New Mexico Medical Center Auxialry, or the Salvation Army.

For those items that cannot be sold, I favor donating them to the Auxialary Thrift Shop, your father favors the Salvation Army.

I have only two relatives for distribution of family pictures, etc.,

Albert N. James, Cincinnati, Ohio (cousin)
Anabel Robinson, Felton, California (aunt)

When convenient

A personal note accompanies this.

Love for all, Dad and Mid

FRIDAY, MAY 7, 1909.

Last Friday THE SIDNEY DAILY NEWS received hundreds of compliments on its report of the wind storm of last Thursday night. THE NEWS devoted almost two entire pages in its account which included four double column half tone views of some of the wrecked buildings. The quick work of THE NEWS in giving to the people of Sidney in its issue of Friday views of the damage done at midnight Thursday night was appreciated by the readers and they have not been slow in so expressing themselves. This quick service is as good as furnished in the cities by metropolitan daily newspapers. That our readers appreciated the earnest efforts of THE NEWS to give the best service possible was also indicated by the large number of calls for extra copies of the paper.

THE SHELBY COUNTY DEMOCRAT, the weekly edition of THE NEWS, also took care of its readers. An extra edition of THE DEMOCRAT, containing the full account, was printed and mailed to all subscribers of THE DEMOCRAT. That the several thousand suscribers of THE DEMOCRAT appreciated this is evidenced by the fact that many read the full account in the paper at their homes in the country Saturday before coming to town. Many called at the office Saturday and expressed their appreciation of the service given them by THE DEMOCRAT.

Twenty-six Representatives, members of the special congressional committee, sent to Panama by President Taft to report on the progress of the work on the canal, arrived in New York on the Panama Monday. Representative J. A. Goulden, of the Bronx chairman of the committee, said that with a few exceptions, all the members had been agreeably surprised with the progress of the work.

"Many of us were of the opinion when we left for the canal on April 14, that the sea level plan was more desirable than the lock project," said Mr. Goulden. "A week's study of the condition, however, changed our opinions."

Representative H. F. Conroy, of New York, said that the principal

### GREEN.

William Green, who has been ill with pneumonia, which followed an attack of grip, died at his home on Clinton avenue at one o'clock Friday afternoon, aged fifty-nine years. He was born and raised on a farm near Anna and about thirty-six years ago was married to Catharine Lippincott, of Anna. He lived for several years on a farm near Anna and afterwards engaged in the grocery business in Anna. Several years ago he moved to Sidney and has since been employed as one of the engineers at the water works. He was a man of very fine traits of character and was popular with all who knew him. He leaves besides his wife, two children, Roy G. Green, of this place, and Mrs. Daisy Fox, of Miamisburg. No arrangements have yet been made for the funeral.

William Green, Jr., son of William, Sr., and Phoebe Jane Green, died Friday, April 30th, A. D. 1909, at his home on Clinton avenue at 1 p. m. having reached the age of 59 years, 7 months and 25 days. His death was due to pneumonia. He was born September 5th, A. D. 1849, on what is known as the old Thirkield farm, now the present site of Anna, Ohio, in that part of the town which lies in Dinsmore township. Later on his father sold this farm and bought another farm just east of Anna, known now as the old Davis farm. Here he spent the remainder of his boyhood days helping his father on the farm until November 30th, 1871, when he was united in marriage with Miss Katharine Harrette Lippincott, then residing in Anna. After Mr. Green's marriage he continued his occupation as farmer near his father's place until Feb., 1878, when he moved to Sidney and engaged in the grocery business with his father-in-law, Mr. Lippincott, under the firm name of Lippincott & Green. This partnership continued for about two years when Mr. Green sold out his interest to his father-in-law and went to work on the engine at the water works, which position he held for about 18 years. He then resigned and went into the grocery business with his son, Roy G. Green, under the firm name of Green & Son, which business they conducted for about two years when they sold out to Mr. Hoffman. Mr. Green then went to work for the Sidney Shade Roller Co., where he remained until his death. He was a member of the Methodist church and was also a member of the Knights of Pythias lodge. He was a member of Company K, 66th O. V. I., during the battle of Atlanta and was taken to the United States Army hospital May 11, 1864, where he remained until June 9, 1865, when he was discharged. After the war he located on the old Stephen J. Johnston farm in Washington township, Shelby county, near the canal and lived there until a year ago last February, when he retired from farming and moved to Lockington. He was married twice. His first wife was Lizzie Kibbons, of Sidney. Six children were born to them, all dying in childhood. Mrs. Johnston died in 1883. His second wife was Mrs. Mary Sandham, who survies him with two children, Minnie and Ellsworth Johnston and two sons by her first marriage, Homer Sandham, of Washington township, and Elmer Sandham, of California. Mr. Johnston was one of the leading citizens of Washington township. He always took an active part in township affairs and served the township a number of years as trustee, was also land appraiser and also held other offices. In politics he was a Republican but always had the respect and esteem of all political parties as he was always honest and just in politics as well as in business. He was a member of the Shelby county fair board from Washington township for the present year.

He was a member of the G. A. R. and also of Orange Lodge, I. O. O. F. of Kirkwood. The above organizations had charge of the funeral which was held from the late home in Lockington Wednesday at 12:30 o'clock. He has three brothers living in California, who left Miami county about twenty years ago, John P., Henry and Thomas and also has two sisters who reside in Ohio, Mrs. Mary Watkins, of Warren county, and Miss Julia Johnston, of Shelby county. Mr. Johnston will be missed by a large circle of friends and relatives and many a poor man whom he had helped in distress. He was well liked and highly esteemed by every one who knew him and with whom he did business. He was a member of the Disciple church of Piqua. Interment was at Beechwood cemetery.

### Piqua Carpenters on a Strike.

Monday morning all the union carpenters in Piqua went out on a strike. Fifty of seventy-five men are included in the walkout. The strike is to compel the contractors to accept the union's scale of wages.

Twenty-six Representatives, members of the special congressional committee, sent to Panama by President Taft to report on the progress of the work on the canal, arrived in New York on the Panama Monday. Representative J. A. Goulden, of the Bronx chairman of the committee, said that with a few exceptions, all the members had been agreeably surprised with the progress of the work.

"Many of us were of the opinion when we left for the canal on April 14, that the sea level plan was more desirable than the lock project," said Mr. Goulden. "A week's study of the condition, however, changed our opinions."

Representative H. F. Conroy, of New York, said that the principal objection to the sea level plan was the action of the tide. "The tide rises to a height of 20 feet on the Pacific side of the isthmus," he said, "while the rise on the opposite side is several feet less and at different times of day and night. I was a strong supporter of the sea level scheme until these facts were made clear to me by personal investigation."

If Governor Judson Harmon can force the issue the next Ohio campaign will be fought out on the question of taxation reform, says the Cleveland Plain Dealer. First of all he purposes to carry a hard, aggressive fight for increased revenues and a general readjustment of the taxation laws to the floor of the General Assmebly.

The Governor already is considering the outline of a message to be sent to the Legislature on the day it convenes which he hopes will arouse the entire state. As chief executive he wishes to focus attention on what he believes to be the biggest and most pressing problem before the people of Ohio. In his opinion the present revenue raising measures and in many respects the entire taxation system is fifty years behind the times.

He was born Jan. 15, 1888, and has been ill for several years with tuberculosis, being confined to his bed since last November. The funeral services were held at the Lutheran church at Anna Thursday afternoon at 2 o'clock. Interment in Pearl cemetery.

GREEN.

William Green, who has been ill with pneumonia, which followed an attack of grip, died at his home on Clinton avenue at one o'clock Friday afternoon, aged fifty-nine years. He was born and raised on a farm near Anna and about thirty-six years ago was married to Catharine Lippincott, of Anna. He lived for several years on a farm near Anna and afterwards engaged in the grocery business in Anna. Several years ago he moved to Sidney and has since been employed as one of the engineers at the water works. He was a man of very fine traits of character and was popular with all who knew him. He leaves besides his wife, two children, Roy G. Green, of this place, and Mrs. Daisy Fox, of Miamisburg. No arrangements have yet been made for the funeral.

William Green, Jr., son of William, Sr., and Phoebe Jane Green, died Friday, April 30th, A. D. 1909, at his home on Clinton avenue at 1 p. m. having reached the age of 59 years, 7 months and 25 days. His death was due to pneumonia. He was born September 5th, A. D. 1849, on what is known as the old Thirkield farm, now the present site of Anna, Ohio, in that part of the town which lies in Dinsmore township. Later on his father sold this farm and bought another farm just east of Anna, known now as the old Davis farm. Here he spent the remainder of his boyhood days helping his father on the farm until November 30th, 1871, when he was united in marriage with Miss Katharine Harrette Lippincott, then residing in Anna. After Mr. Green's marriage he continued his occupation as farmer near his father's place until Feb., 1878, when he moved to his father's farm southwest of Anna, in Franklin township.

Here he lived a successful farmer and acquired quite a reputation as a raiser of fancy Poland China hogs. In this business he excelled, procuring many premiums at the various county fairs at which he displayed his stock. This he continued until December, 1892, when he quit farming and again moved to Anna, going into the grocery and bakery business. This he followed until 1895, when he sold out his business. After this he followed various occupations at Marion and Muncie, Indiana, until 1902.

Mr. Green then returned to Sidney where he took a position with the R. Given Sons Company. This position he held for about two years when he accepted a position as engineer at the City Water Works. This position he held for about five years and which position he held when taken down with his last illness.

Mr. Green was a kind and loving husband and father, very thoughful of his family, possessed of many friends and a Christian man, having given his heart to God and joined the M. E. church at Anna in 1862 at the age of thirteen. He was active in church and Sunday school work until 1895 when he left Anna. After leaving there and until moving to Sidney he was never permanently loacted and never transferred his membership. While not 'active' in church work after leaving Anna and up until death his actions and every day life were those of a Christian man, one of his last expressions being that he was ready to go.

Mr. Green was the father of two children, Roy G., of this city, and Mrs. Daisy M. Fox, of Miamisburg, Ohio, and leaves to mourn his loss, his beloved wife, son and daughter, four grand children, six brothers and two sisters, besides a host of friends and neighbors.

He was sick less than a week, being taken to his bed Thursday of last week. Mr. Johnston was born in Mercer county June 8, 1842. He moved with his parents, Christopher and Mary Peck Johnston

### Piqua Carpenters on a Strike.

Monday morning all the union carpenters in Piqua went out on a strike. Fifty of seventy-five men are included in the walkout. The strike is to compel the contractors to accept the union's scale of wages.

The scale of the carpenters was laid before the contractors three months ago, but no action has been taken up Monday. The carpenters were willing to arbitrate, but their demands were ignored. The men demand 28 cents an hour, 35 cents for floor dressing, 35 cents for foremen, a ten hour day and a Saturday half holiday.

National Organizer H. R. Kline, of Dayton, is in Piqua and is directing the carpenters' end of the strike.

With an unparalleled amount of building in sight for this season, a prolonged strike on the part of the carpenters would be disastrous in many directions.

Contractors who have work contracted for before the scale was presented are not affected. Those who have taken work to be done within a time limit are the hardest hit. The men are quiet and there has been no disorder.

### Manager Cereal Company.

The Porstmouth Daily Times of Tuesday contained the following:

"C. B. Halboth, the expert engaged by the Portsmouth Cereal Company to take charge of the plant, arrived here from the east Monday to assume his new duties. The general manager of the plant comes fortified with years of experience, having been identified with some of the leading concerns of the country in responsible capacities. Mr Holboth is a native of Ohio. He was born and reared at Pemberton, a small town near Sidney. For years he was employed with the Woolson Spice company of Toledo. Later he became connected with the sales department of the American Hominy company, with general headquarters at Indianapolis. He was transferred to the company's New York office in January. It is hoped to place the local plant in operation within four weeks and meanwhile the company will give the plant a complete overhauling add new and latest improved machinery and increase the capacity. It was intended to adopt the name of the Buckeye Cereal company, but the incorporators have just been informed by the secretary of state that there is a plant of the kind under that name in Ohio. Accordingly a new name will have to be selected, and it will likely be the Scioto Hominy company or Ohio Hominy company."

The new manager is a well known resident of Pemberton. He started out on the road at the age of eighteen years, traveling for the Douls Baking Powder Co. of New York and worked in western Pennsylvania for three years. Then he left there to go with the Woolson Spice company, of Toledo, for which concern he traveled for about four years

GREEN.

William Green, Sr., for many years a prominent and highly respected resident of Shelby county, died at the home of his son, William, on Clinton avenue Monday evening about 9:30 o'clock after an extended illness. The immediate cause of his death was capillary pneumonia but his extreme age rapidly hastened the end.

The deceased was born in Hamilton county, Ohio, in 1820, and at the age of twelve years came to Shelby county with his parents, locating in Orange township. He returned with his father to Hamilton county and remained there and in Cincinnati for about one year. He then went to Warren county where he worked by the day and month getting work as best he could part of the time getting only four dollars per month. In 1842 he was married to Miss Phoebe Elwell and immediately returned to Shelby county where they landed in the fall of 1842, with just one dollar in cash to commence life with. From this beginning Mr. Green made for himself and family a comfortable home and raised a large family of children, nine sons and two daughters—Joseph, Martha, John, William, Charles, Emerson, Albert, George, Dora, Clarence and Justice. Two of the sons have passed away. Every dollar he made was by the hard work of his own hands except forty acres of wild land. He resided in Dinsmore township for many years. In 1873 he sold his farm in Dinsmore township and bought one in Orange township where he lived for many years a retired life. About

## Como dreads doing crusty old songs

ATLANTIC CITY, N.J. — Perry Como says the "awful novelty songs" that his concert audiences still demand have been haunting him since the 1930s, when he sang with Ted Weem's big band. "Me and Sinatra and all the rest of the singers used to talk about all the crap we had to sing," Como said. Como, 76, said he still winces when performing such million-selling hits as "Papa Love Mambo," "Don't Let the Stars Get in Your Eyes" and "A Hubba-Hubba-Hubba."

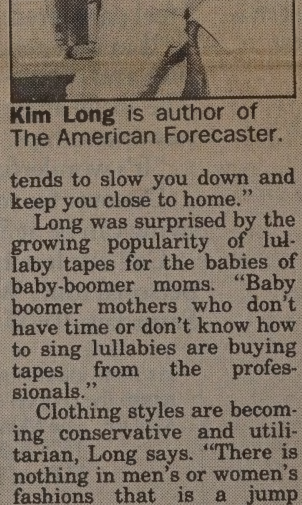
# Big shoes and taped lullabies

### Predictions of ins and outs for 1989

Associated Press



**Kim Long** is author of The American Forecaster.

DENVER — Romance, huge shoes for men and lullaby tapes for yuppie babies will be hot in 1989, but it will be a ho-hum year for fashions and a bad year for overweight children, according to The American Forecaster 1989.

Other '89 trends identified by the Forecaster: gutterless bowling alleys, fighting dogs on steroids and turkey hunting.

New Age religion channeling will fall from favor in 1989, along with teddy bears and soft cookies, says Kim Long, author of the sixth annual Forecaster, which went on sale this week.

Long says 1989 could be a boring year for trends.

The problem, he says, is that baby boomers — the one-third of the U.S. population born between the years 1946 and 1964 — are concentrating on their careers and families, and college students have grown serious.

The rise of romance and a growing de-emphasis on sex in advertising, movies and television are directly linked to the aging baby boomers, Long says.

"More of them are having their first kids, and that tends to slow you down and keep you close to home."

Long was surprised by the growing popularity of lullaby tapes for the babies of baby-boomer moms. "Baby boomer mothers who don't have time or don't know how to sing lullabies are buying tapes from the professionals."

Clothing styles are becoming conservative and utilitarian, Long says. "There is nothing in men's or women's fashions that is a jump ahead — pretty boring."

In men's footwear, this means the return of big shoes — expensive leather wingtips and brogues. "The big-shoe thing has been building slowly and is part of the gradual return to traditional clothing," Long says.

Long says the New Age practice of channeling, popularized by actress Shirley MacLain, will fade in 1989 because of skepticism and ridicule.

Long, a Denver free-lance writer, started writing The American Forecaster in 1983.
